

HONORS COURSE OF STUDY

The Honors program includes the SOT[®]/A.C.E. program's highest quality preparation for college education in addition to the more rigorous College Preparatory Courses.

An Honors student must complete 27 credits with a 94 percent overall average and demonstrate the ability to communicate effectively in written and oral presentations. His composite reading rate should be over 600 WPM on the Readmaster program, and he should score at least 22 on the ACT or 1000 for the Critical Reading and Math scores combined on the SAT.
